Work experience

08/2018/ till now
Middle Java Developer
Miratech
In our team 7 developers
Development tools: Eclipse, SQL Developer, Git, VM, Sourcetree etc.
Technologies: J2EE, Maven, RCP, JBoss, XML.

- Java server side development Abraxas for software administering complex business processes in the field of judiciary (ODR)

09/2017/08/2018
Middle Java Developer
MediaGC
In our team 4 developers
Development tools: Intellij IDEA, Git, Docker, AWS etc.
Technologies: HTML, CSS, JS, AJAX, XML/ XSD, JSON, JavaEE etc.

- (https://www.openchain.org/)is an research and development in area of open source distributed ledger technology. It is suited for organizations wishing to issue and manage digital assets in a robust, secure and scalable way. Distributed Ledget Technology for digital asset management and secure communication & transactions. The administrator of an Tarantool.com instance defines the rules of the ledger. End-users can exchange value on the ledger according to those rules. Every transaction on the ledger is digitally signed, like with Bitcoin.

12/2016/08/2017
Junior Java Developer
LeoGaming
In our team 10 developers and 3 support engineers to clients
Development tools: NetBeans IDE, Git
Technologies: HTML, Maven, CSS, JS, AJAX, XML/ XSD, JSON, JavaEE, Spring, RESTful etc.
Development smart keeper system, integration with processing for pay:

- Smart-keeper to client-server integration with processing for pay services (https://leowallet.net/)

12/2015/10/2016
Junior Java Developer
ZRUCHNA

In our team 5 developers and 2 support engineers to clients
Development tools: Intellij IDEA, Git
Technologies:HTML, CSS, JS, XML/ XSD, JSON, RESTful
Development of web services, integration with other systems

Certifications

Title Java Platforms Compared: SE vs EE vs ME Certification DateOct 2016
Title Up and Running with Java Certification DateOct 2016

Education

2006-2009
Engineer's Degree
ITSTEP Computer Software Engineering, Master

Activities and Societies: https://github.com/vshubinin

Languages

Russian and Ukrainian (native languages)
English (intermediate)
